

ABOUT THE INSTITUTION

Gayatri Vidya Parishad is an Educational Society established by a group of erudite academicians of Visakhapatnam City in the year 1988. The society is managed by eminent educationists, philanthropists, and technocrats. One of the major aims of the Trust is "To Establish and manage Educational institutions and impart quality education in all branches of studies in general, advanced technology, health care, management and science in particular."

All the departments of the institute are furnished with state-of-the-art equipment and engage the students both on campus and in virtual mode. The institution aims to empower and create employability opportunities by adopting best practices.

ABOUT THE DEPARTMENT

The Department of Biochemistry was established in the year 2005, and since its inception the department has been striving to inculcate skill-based education to meet and fill the lacuna between academia and industry demands. The faculty of the department completed two UGC Minor research projects and presently engaged in an Ongoing MSME, Govt Of India - sponsored project worth 12 Lakh rupees
