Dear Aishah Jahan,

Congratulations on being admitted to the graduate Computer Science MS graduate program at the University of Missouri – St. Louis for the 2025 Fall Semester. We were impressed by your academic achievements and believe strongly in your potential for continued success.

Your admission is considered provisional until you submit the following: final official individual (semester-wise) mark sheets and degree certificate in an envelope bearing Gayatri Vidya Parishad College for Degree and PG courses' stamp across the sealed flap. You must provide this before the start of classes. Please visit global.umsl.edu/provisional for more information.

All international students holding any visa type are required to attend the mandatory and compulsory Global Triton Welcome, new international student orientation. Please monitor the email you provided on your UMSL application for announcements and details of this mandatory and compulsory international orientation. Please visit our Admitted Students page at www.umsl.edu/global-admitted for more information.

Most new international students at UMSL are required to take the English for Academic Purposes (EAP) proficiency exam during orientation. Depending on the results of the exam, students may be required to enroll in specific EAP courses during their first year at UMSL. The regular graduate tuition rate is accessed for EAP courses and these courses will not apply towards a graduate degree program.

Please visit the Admitted Students page on the Graduate School website (umsl.edu/gradschool/admitted) which will provide information to help you enroll and obtain access to MyView, Canvas and your UMSL email account. It is important that you obtain a UM-St. Louis e-mail account because all future official university correspondence will be sent to your student account. Please be sure to read the Graduate section of the Bulletin (bulletin.umsl.edu) as it will help you follow university and program regulations.

The Graduate School reserves the right to withdraw any offer of admission if final records fail to show completion of courses and/or degrees required for admission, if the admission decision was based on inaccurate or falsified information or if you fail to maintain satisfactory scholastic standing. Admission may also be withdrawn should it not be possible to determine the veracity of educational documents that have been submitted as evidence of academic preparation.

We do extend our best wishes for success in your graduate program. Please contact the Graduate Program Director with any questions.

Sincerely,

Dr. Amber Reinhart
Senior Director of the Graduate School
