

Day 4:

On the fourth day conducted Awareness Campaign on Health and Clean in the village. As part of this all the volunteers are participated in the cleaning program. They cleaned all the places of the village with help and involvement of public. They also created awareness among the public on personal clean, Hygiene conditions and public places. All the village people are participated in this program.

In the evening conducted Awareness Program on Health and Hygiene for NSS Volunteers by Programme Officer Dr. Santhosh Kumar Dhavala. As part of this Programme Officer created awareness among the NSS Volunteers about the Health and Hygiene. He explained the good and bad habits, how to keep body healthy, and also made pledge for keeping surroundings clean and healthy.
